Fire Restriction Exemption

This form shall be filled out by the contractor/responsible party for consideration for special exemption during fire restrictions, within the limits of the Village of Taos Ski Valley, NM. It is our goal to assist all entities within the Village of Taos Ski Valley to complete their project(s) under the safest conditions possible during fire restrictions. If any information supplied by the contractor/responsible person is inaccurate or incorrect, this exemption shall be revoked. The Village of Taos Ski Valley reserves the right to revoke an exemption when the Village determines, in its sole and unilateral discretion, that circumstances such as weather conditions or increased risk of fire for any reason warrant revocation.

All information shall be accurate and updated by the contractor/responsible party.

-Please list all hazardous and flammable material, including equipment used.
    Examples; Chainsaw, welder, cutting torch, heavy machinery, etc .
    Chainsaws - Spark arrestors must be in place at all times.
    Please insure any/all flammable work material(s) are stored properly.
    Maintain safe disposal of used hazardous/flammable material(s), as per
    OSHA regulations.

-Mitigate the work area of fuels that may ignite or combust.
    Vegetation, slash piles, wood, etc.

-Please list items on-hand to extinguish a fire.

    Fire extinguisher(s); how many, size and location(s).
    Water source; garden hose, water tank (include capacity).

- Be vigilant at all times during the course of your normal work detail.
-In case of Emergency, CALL 911!
